PRODUCT

15% Pumpkin-Orange Enzyme
pH 2.08-2.52

FUNCTIONS

Packed with Vitamins A and C, this enzyme will exfoliate and reduce oil while your client enjoys the wonderful smell of pumpkin and orange. This 15% pumpkin enzyme dissolves dead skin and while orange provides a beautiful glow to the skin. Contains 11% lactic.

RECOMMENDED FOR

This is a strong enzyme. Use on resilient skin. Peeling could be expected.

BENEFITS

- Pumpkin and Orange fruit enzymes resurface and refine the skin and pores
- Pumpkin is a great antioxidant and also a great shot of Vitamin A for the skin
- Orange is a great antioxidant to fight free radicals, provide brightening effects to the skin, and also a great shot of Vitamin C for the skin

ACTIVE INGREDIENT PROFILE

Pumpkin and Orange Fruit Enzymes exfoliate and brighten the skin with powerful antioxidants and the benefits of Vitamins A and C. Pumpkin proteases are known to peel dead skin cells and blemishes. **11% Lactic Acid** is an alpha hydroxy working as an exfoliant, allowing dead skin cells to slough off, making room for regrowth of new skin. Improves wrinkling, roughness, and softens skin. **Sugar Cane** is a main source of glycolic acid which is another exfoliant to break down the desmosomes (or the glue that holds skin cells together) to help remove dead, flaking skin.

HOW TO USE

Professional Use Only. After cleansing, apply a generous layer and leave on the skin for 7-10 minutes. Suggest no steam. This product could be diluted by adding 1 part Goji Berry Yogurt Mask.

SIDE NOTES

Avoid contact with eyes. Flush completely if contact occurs.
Always use sun block after use of this product.

FORMULA COMPOSITION

Cucurbita Pepo (Pumpkin), Lactic Acid (L), Citrus Aurantium Dulcis (Orange Zest) Fruit, Saccharum Officinarum (Sugar Cane) Extract, Citric Acid, Albumen, Gluconic Acid, Aqua (Water), Glycerin, Sodium Chloride, Hydroxypropyl Methylcellulose
